Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance:

The prior art fails to disclose the combined limitations of: inhibiting generation of a switch status message at said first data switch destined for a third data switch in the first data path upon not receiving said one or more switch status messages from said second data switch at said first data switch to initiate redirection of subsequent data messages over an alternate data path through said data network.

The closest art is the June 2000 IETF draft "Extensions to RSVP-TE for MPLS Path Protection" section 7.1, describing a fault notification message sent to all working LSPs (routers) of all the working paths, where the MPLS LSPs send periodic liveness (status) messages as described in the March 2000 IETF draft "A Path Protection/ Restoration Mechanism for MPLS Networks" sections 4.1.1 and 4.1.2.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Warner Wong whose telephone number is 571-272-8197. The examiner can normally be reached on 6:30AM - 3:00PM, M-F.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Kwang Yao can be reached on 571-272-3182. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
